

Joint Kei Camp Fanfic Event Poggu (May 23, 2020)

Prompt:

Kiyotaka runs out in the middle of the night to get a food item that Kei is craving"

Background: Days after Kiyoko and Kei got together

Scene: Midnight, Kiyotaka's room (4/F).

POV: Kiyotaka Ayanokoji

The night is late and amidst the silence in the *Advanced Nurturing High School*, a loud yet familiar phone tone broke the tranquility in my room. I reluctantly looked upon the space next to me and found my device lit up wildly. Knowing which contact has that specific ringtone, I immediately reached out to my phone while scratching eyes lightly.

"Kiyotaka..."

"Hmmm?"

"Kiyotaka-kun..."

Kei wanted something from me but I'm so much drowsy I don't have an energy to spend in inquiring stuff persistently

"Kiyotaka-nyan?!"

Nyan? What kind of abominable honorific is that. Yes, it sounds weird but I can't deny I felt something good when she sweetly calls my name.

"Uhhh. Tell me what you need already."

"Dear ---- I'm hungry. I want something tasty but I don't know what exactly..."

"Sorry, I'm pretty sleepy right now."

"Mouuu ... You don't love me anymore?"

"Okay fine I will get you something. What do you want ... chocolates?"
