

Joint Kei Camp Fanfic Event Poggu

Prompt:

Kei has called up Kiyotaka for some food.

(X) Amidst the silence in the Tokyo Metropolitan Advanced Nurturing High School, a loud yet familiar phone tone broke the tranquility in my room.

(Jason) "Kiyotaka... I'm hungry."

Kei had an unpretentious tone, seeming like she wanted me to do something about it.

(Aidar) "Hmm... well, it's midnight now...?"

I was a little unhappy that I was woken up at such a time.

(Lain) "Yeah~~ I know, but, I'm really hungry and I don't have any food in my room."

(Clasp) "So please, help your cute girlfriend."

(Dart) "Hmmm... I think I could, but, is it not a little bit too late for that?"

(Loha) "But, I am soooo hungry, Kiyotaka, can you help me please?"

(Elle) Kei's voice was like that of a child begging to be fed. (Mun-nyan) I've only just asked her out and she's now spoiled enough to beg for gifts. (Reality) I went to my kitchen and saw the cooking wares I bought with Amazawa.

"Then, if you don't mind, can you come to my room?"

(Eggplant) Kei was silent for a while before she shut off the phone and next thing I knew, she was in front of my door.

(Venom) "Come in, it's cold outside. What do you want to eat?"

(Wildey) When I looked at Kei; a warm, indescribable feeling began to bubble up from within me but by no means was it unpleasant. (X) I was surprised, sure, but I'm happy that she took her time walking towards my room.

(Jason) "You arrived fast Kei."

I was really astonished at how quickly she got to my room, but Kei responded calmly,

"I was already in front of your room when I called you."

(Aidar) I looked at Kei. It seems she was in such a hurry to see me, as if she had forgotten to change out of her smexy teddy bear nightgown. (Lain) Kei suddenly hugged me and said;

(Clasp) "I want the eggplant you promised me..."

(Dart) After she told me this I went to the kitchen to get ready.

(Loha) "Sooo~~ what type of eggplant dish do you want to be, Kei."

(Elle) "Hmmm. . . I want to be an eggplant so holy no one can possibly eat me."

(Mun-nyan) What is she on about? How can someone become an eggplant?

(Reality) "Kei, I think you're tired. Are you sleeping properly?"

(Eggplant) "I'm completely sober, that's how I can savour my moments with Kiyotaka!"

(Venom) I want to tell you a secret Kiyotaka-kun. I am the Goddess of the Eggplant world. And my powers come from eating eggplants."

(Wildey) I had a burning question, eggplants help with digestion so I had to ask...

"Kei... are you constipated?"

(X) "Mouuu, and you know what? I want the eggplant: peeled and well steamed."

(Jason) In the absence of an answer to my previous question. I felt I needed to ask Kei another question,

"Kei... could it be that night... I thought it was a safe night to do that, but, could it be that you're preg---"

(Wayn) "Mouu~~ Kiyotaka don't jump into conclusions too quickly."

(Aidar) Kei didn't answer immediately. She smiled sarcastically at me and said,

"Well, you know... if I like your treat, we'll talk about it..."

(Lain) I sighed and then said.

"Ok then."

(Clasp) Kei, of course didn't know that I googled how to make a godly eggplant dish so I was pretty confident in my dish.

(Elle) "Kiyotaka. . . I'm gonna lie down on the bed while you're cooking, okay. Make sure to wake me up."

(Loha) And so, I prepared to cook a godly eggplant dish and went to the room where Kei was sleeping,

"Kei, wake up, here's your godly eggplant, see this hot and amazing steamy purple flesh."

(Mun-nyan) Kei tossed and turned on my bed, it seemed she had no intention of waking up.

(Reality) "Kei?"

I called out to her but not a sign of waking up. I pinch her cheeks.

"Tauwa~~!"

(Eggplant) "Tauwa?"

(X) As I was pretty confident in my cooking, I haven't taken a sample bite to make sure about the taste --- But, watching her take another bite on the eggplant, damn, I can't help thinking how soft and creamy she would taste like. Oh. What was I thinking? I was referring to the eggplant. (Wayn) The eggplant was good and had a Godly flavor, it was indeed worthy for the eggplant Goddess.

(Jason) "How does it taste, Kei?"

I asked her, full of expectations for her answer.

"Hmm...somewhat bitter, the taste becomes more mild and a bit richer with every chew."

"... and what is your rating?"

"10 out of 10. Kiyotaka's eggplant is the best s2."
